

Caloundra CBD Street Art Trail

Discover creative gems on this easy walk through the laneways and streets of Caloundra. The walk should take about an hour or a little more if you enjoy a coffee at one of the local café's along the way.

The trail loop is approximately 1.7km. There are nine works to discover, highlighting the local history, colourful stories and meaningful expressions by some of our best local and national street artists.

To find out more about each work, download the free council app on your smart device, look for the 'THINGS TO DO' button and open the 'VIRTUAL GALLERY'.

Enjoy the trail and share your experience on social media with #scpublicart
